

# About Croatia

The Croatian national territory totals **56.594 km<sup>2</sup>** with **31.479 km<sup>2</sup>** of **coastal waters for sailing**, swimming and diving.

Croatia occupies the largest area of the eastern coast of the Adriatic Sea which, as a part of the Mediterranean Sea, penetrates deep into the European continent. The narrow Dinaric Mountain Range separates the country's Mediterranean region from its central European continental section, which spans from the easterly edges of the Alps in the north west to the shores of the Danube in the East, encompassing the southern part of the fertile Pannonian lowlands.

And if the beauty of such landscapes weren't enough, here's a refreshing piece of news: **tap water is drinkable across all of Croatia.**
